

Motivational & Cognitive Control

Oxford, June 2-4 2010

Organised by Rogier Mars, Jerome Sallet,
Laurence Hunt, MaryAnn Noonan,
Nick Yeung and Matthew Rushworth,

This workshop will discuss the neural basis of motivational and cognitive control. Data from neuroimaging, neuropsychology, non-human models and computational neuroscience will be presented over 3 days.

A Conference dinner will be held in one of Oxford's finer establishments.

Registration deadline is 1st of May 2010

Space is limited, so please register early;

email: oxford.mcc2010@gmail.com
